

bezanija in, and trying to find a way out of the forest of perpetual darkness:

i m fully aware this score is a mess.  
it should be,  
it helps us focusing because we need to,  
it helps us getting in to woods, finding directions,  
and coming oout again.  
and, mainly: to not loose the connection with ourselves as players  
with the other two players  
with the (contemporary) world around.

thank u for working together  
on music that wants to help change the musical world we play in, and the  
world we all live in.  
Even if only slightely and so small.
